Using Urkund: Plagiarism Software

After signing an MoU with INFLIBNET for Shodhgang, MANUU got access to Urukund (a software for checking plagiarism/similarity). The Urkund has been provided to MANUU by the Information and Library Network (INFLIBNET).

Urkund is an online text-matching tool where documents are checked against three central source areas: Internet, published material and student material. It assists faculty and students to raise the quality of their publications. With regard to the supporting of file formats, Urkund supports doc, .docx, .sxw, .ppt, .pptx, .pdf, .txt, .rtf, .html, .htm, .wps, .odt files.

Faculty of MANUU may write to the Librarian for getting Urkund id.

Similarity reports generated by Urkund provide text-mating report summary, list of sources from where the text has been used, and details of sources of text.
