**Educational Visit to Chatrapati Shivaji Maharaj Museum,
Aurangabad (MS)**

MANUU CTE Aurangabad (MS), in an endeavour to promote holistic learning and knowledge of our varied cultural heritage conducted a visit to the Chatrapati Shivaji Maharaj Museum on 8th Feb 2023. Established in the early 20th century, it holds variety of articles ranging from pre-historic era to modern works of art. Students of B.Ed. I Semester accompanied by the teachers took a guided tour around the museum.

Chhatrapati Shivaji Museum is located near Nehru Bal Udyan in Aurangabad. This is one of the best tourist attractions in Aurangabad.

The museum is dedicated to Chhatrapati Shivaji Maharaj, the great Maratha ruler. Founded by the Municipal Corporation of Aurangabad, the cost of the museum is around 194 lakhs. The building has a total of 6 exhibition halls. A visit to this museum takes visitors back into the days of Maratha valour and their love for their homeland.

The exhibits on display tell stories of the glorious reign of the brave king, showcased in six galleries. The display comprises Maratha war weapons and other artifacts from the battlefield of some of the most popular wars that the Marathas fought. The main exhibits here include the 500 year old war suit, a copy of the Aurangzeb's handwritten Holy Quran, and a 400 year old Paithani sari.

The first hall is decorated with the wooden craft which reminds us of the glorious past. The second hall is full of sword, shields and ancient rifles. In the next hall, photographs and transparencies of forts like Torana, Lohagad, Panhalgad, Sinhagad are displayed. One can see the advanced architectural beauty of the forts. The fourth hall consists of vessels used by the people contemporary to the great King Shivaji Maharaj. There is a separate space provided for the exhibition of coins. These coins are rare. The coins were used by Satavahana Dynasty. Looking at the display, visitors can also get a detailed idea of the lifestyles of the people of

Shivaji Maharaja's era. All the information was provided nicely by the archaeologist Magre sir very nicely.

All in all, the visit was a fruitful one as the students got an opportunity to visualise the knowledge they gained from books and understand the importance of our historical civilisations and their culture, parts of which we have imbibed even in our present cultures. The rich holding of various creative traditions and disciplines which represents a unity amidst diversity, an unmatched blend of the past with the present and strong perspective for the future, brings history to life.
