## Objectives of the Workshop

---

The aim of the course is to improve the methodological and writing skills of the research scholars and develop their potential as future academicians/social science researchers. The main objective of the workshop is to provide the research scholars with a set of skills and potentiality to commence the research in the field of Social Sciences very effectively, so that the students can give the output of their research in the high-quality published work. The other important objective is to educate the participants on the use of statistical techniques in data analysis in the field of social sciences and to provide practical/hands on experience for their Ph.D. research work with introducing basic software knowledge for data Analysis

# Brief Summary of Course Content

---

The course will be conducted in online mode. Some of the content of the ten days Capacity Building Program is:

- 01 Current Trends and Challenges in Social Sciences Research
- 02 Types of Research Design and Choice of Research Design
- 03 Basics of data entry and cleanings
- 04 Hypothesis, Reliability and Validity in Social Science Research
- 05 Scaling Techniques in Social Sciences Research
- 06 Literature review
- 07 Using the right Statistical tools in Social Sciences Research
- 08 Correlation Analysis
- 09 Regression Analysis
- 10 Plagiarism: How to avoid it
- 11 Available E-resources for Research in Social Sciences
- 12 Effective Writing for Researchers in the Social Sciences: A Beginner's Guide
- 13 Copyrights & Fair use in academic writings

## Resource Persons

The resource persons from different parts of country representing the leading Institutions/Universities will deliver the expertise in the workshop.

# Eligibility and Intake

---

Research Scholars in Social Science disciplines from the UGC recognized university / deemed university / colleges / institutes of national importance and ICSSR research institutes are eligible for the workshop.

Intake for the Course shall be 50 seats. The short listing of the participants for the Course will be based on the stage / phase of their research work.

## Candidate will be selected based on

- 1 from the social science stream
- 2 stage of research (pre-data collection / fieldwork phase) and
- 3 first time applicants for Research Methodology/similar workshops.

The aspects like representation of different Social Science Disciplines, Social Background, Gender, etc. shall also be taken into consideration while selecting the Candidates. Notification for selected candidates will be communicated through the registered email. Attendance for all the sessions is mandatory or otherwise the certificate shall not be issued.
