School of Sciences

### National Urdu Science Congress 2021

(NUSC-2021)

(14th & 15th July 2021)

### Impact of Technology on Multidisciplinary Scientific Research

#### About MANUU:

Maulana Azad National Urdu University is a Central University established by an Act of Parliament in 1998. The University is named after Maulana Abul Kalam Azad, the freedom fighter and outstanding scholar, who as the first Education Minister of Independent India envisioned and laid the foundation of technical, scientific and higher education in India.

#### The objectives of MANUU are:

To promote and develop the Urdu Language; To impart education and training in vocational and technical subjects through the medium of Urdu; To provide wider access to people desirous of pursuing programmes of higher education and training in Urdu medium through teaching on the campus as well as at a distance and To provide focus on women education.

#### School of Sciences:

The University created the School of Sciences in the year 2006. The main objective of the Science Programs is to encourage & channel natural curiosity of students into creation of new knowledge and to make studying science attractive. The School of Sciences offers B.Sc. with the following combinations:

- (1) Mathematics, Physics & Chemistry
- (2) Mathematics, Physics & Computer Sciences
- (3) Botany, Zoology & Chemistry

B.Voc. in Medical Imaging Technology & Medical Laboratory Technology

The School also offers M.Sc. in Mathematics and Ph.D. programs in Mathematics, Physics, Chemistry, Botany and Zoology.

## Purpose of the Congress:

- To create a platform to discuss, deliberate and promote the cause of science in Urdu language.
- To bring together scientists and science communicators to discuss the Impact of Technology on Multidisciplinary Scientific Research.
- To identify and nurture scientific talent amongst students and young researchers.
- To inculcate scientific temper at grass root level.

## Abstracts are invited on the broader area of Sub Themes:
